Held Away Account Management Program

In addition to managing FGAM accounts, Financial Gravity also has a program where we can connect hundreds of company retirement plans that include 401(k)'s, 403(b)'s, 401(a) TSPs, as well as many 529 and 457 accounts.

Program Overview

Financial Gravity works with a third party provider, Pontera, to invite client to connect their company retirement plan to our platform and portal. Once connected, FG will have the capability to actively place trades and rebalance these held-away assets to holistically align the portfolio with the client's overall Real Risk Tolerance. In addition, these accounts will also be included in the monthly performance reporting and billing, just like any other account utilizing Addepar.

4. If you usually log in via security questions, you will be asked to provide the answers to the security questions.
Services, LLC. (FG Family Office Services), an SEC Registered Investment Adviser. Neither FG Asset Management nor FG Family Office Services provides tax or legal advice and is not a certified public accountant.

If you usually log in by receiving a one-time verification code to your cell phone or email address, you will be asked to enter the verification code into Pontera. To enable the Pontera connection, a unique Pontera phone number and email may be added to your account. You will still be able to login to your account and receive all notifications from your financial institution.

5. When possible, we will provide the phone number or email address. For employer-sponsored plans, select whether your current employer or your previous employer provides the plan. If you have another account to connect, click Add another account. If not, click Finished adding account. You can also add another account by clicking the link in the confirmation screen:

Activating your Pontera connection

If there are additional steps needed
Advisor One will be in touch with you soon to complete the process.

If you have another account to add, please [click here](#).
