FGAM Update January 2024

Insights and information from Dr. William R. Nelson, PhD, Chief Investment Officer of Financial Gravity

In this update, Dr. Nelson discusses the investment philosophy of controlling the controllables and managing risk alignment. He also touches on the relationship between an inverted yield curve and a recession, as well as the impact of economic performance on the stock market. Additionally, he provides insights into Tesla's profitability and the leadership of Elon Musk. Lastly, he explains the different ways mutual fund companies manipulate returns and the high costs associated with mutual funds. Watch the video to gain a better understanding of these topics and make informed investment decisions.
