FGAM Update April 2023

Insights and information from Dr. William R. Nelson, PhD, Chief Investment Officer of Financial Gravity

In this quarterly update, Dr. Nelson will discuss the critical importance of Control the Controllables™, the investment philosophy that guides our portfolio allocations. Dr. Nelson will also comment on two current causes of investor anxiety— inflation and bank failure. An observable long-term industrial trend is the digitization of transportation, and Dr. Nelson will explain why Tesla has critical infrastructure advantages over other car makers.

Finally, he will review Time Optimized Planning™, a tool that solves for all five major threats to retirement security.
